In the city of joy on our blue planet, there is a Doll lives in a beautiful home. In her room she has a cupboard which is full of colorful dresses. The Doll has a timetable to organize her tasks, housework's, reading short stories and leasing music.

In her garden, the Doll plays with her friends, the rabbit, the ball, and the horse. They are happy with greenery, colorful roses and lush trees. But suddenly the Doll heard an explosion.

The Doll's house was destroyed. The colorful windows were shattered, and the trees and roses flew out of the garden. Everything scattered around the Doll. She said with fear: God Heaven, thick smoke, broken walls, what is this? what happened?

The Doll opened her eyes in shock. she found herself lying next to a broken wall. She cried and she didn't believe what she saw.

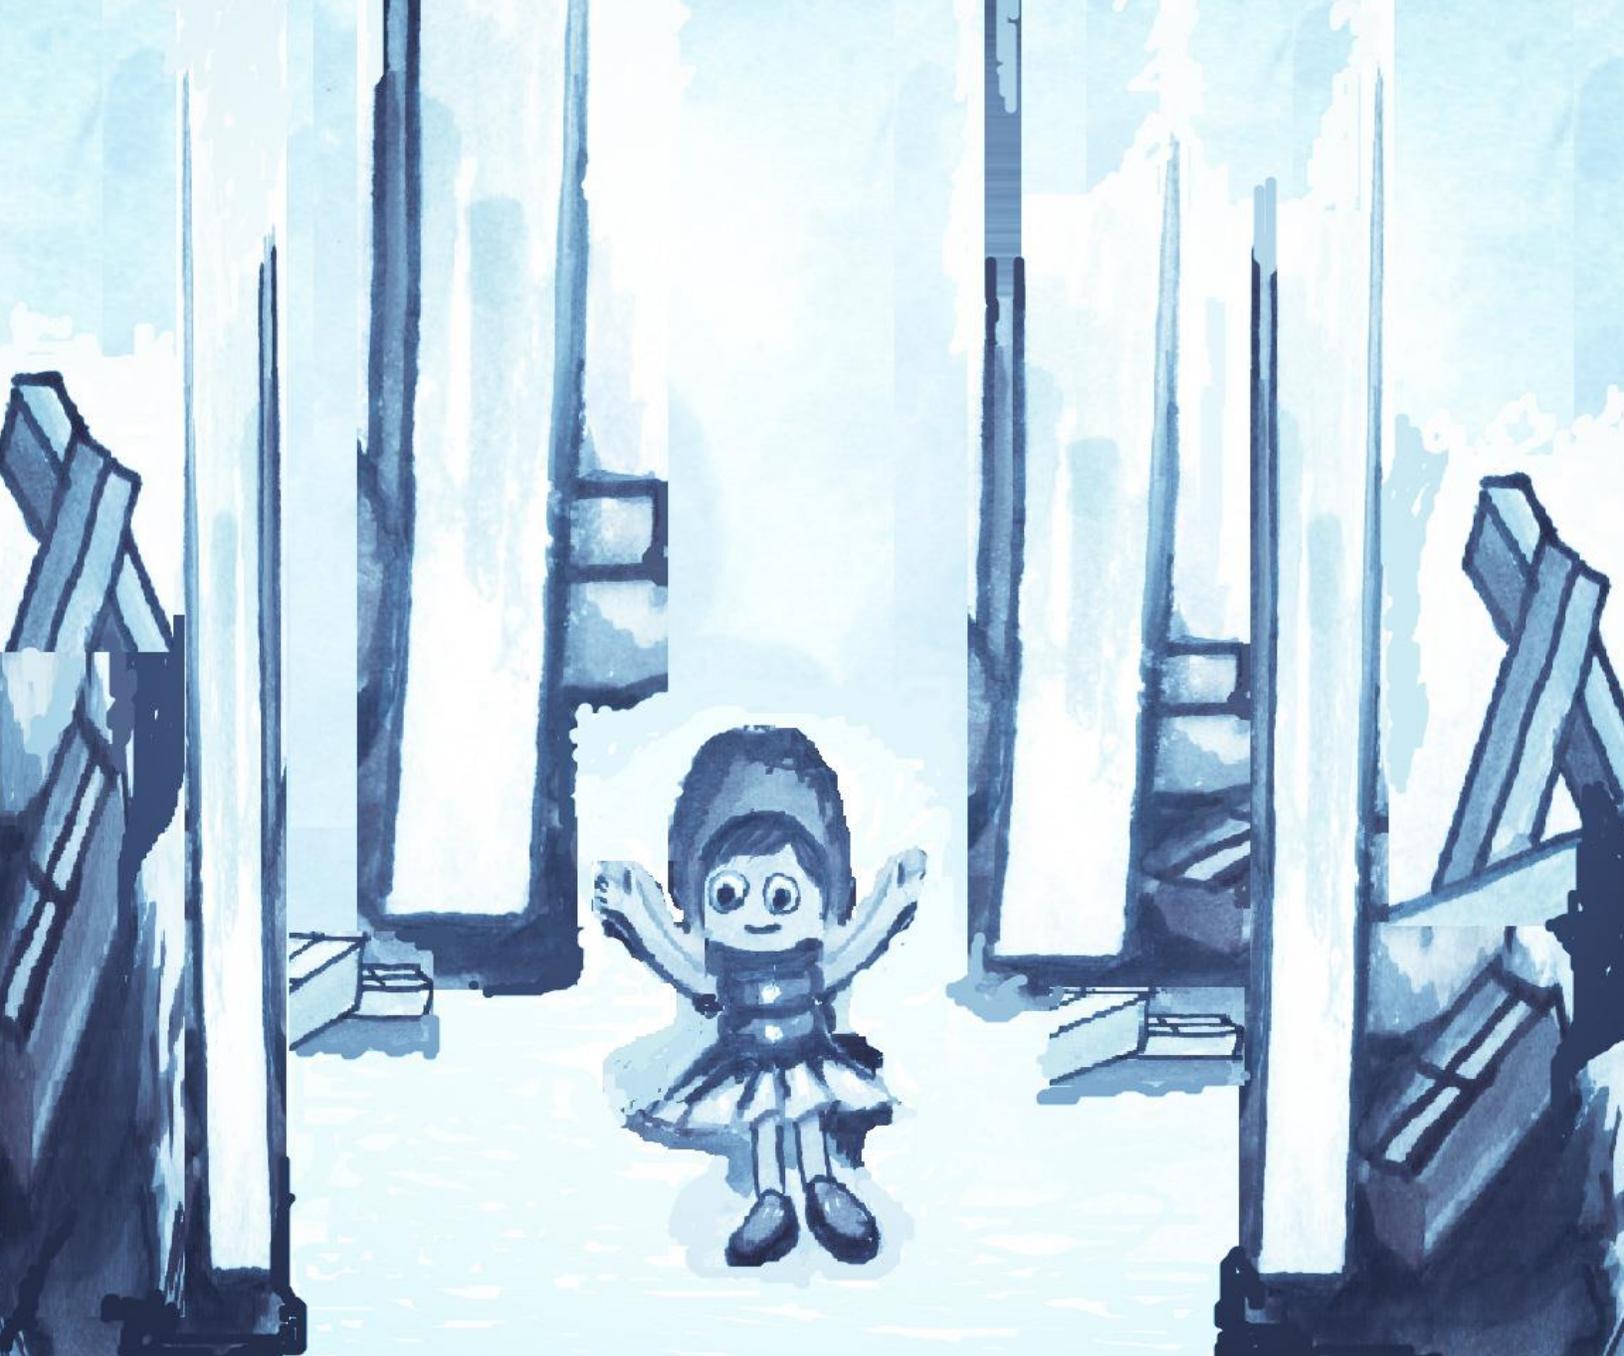

The Doll looked at herself. she found that she had lost some of her limbs because of the bombs. What should she do? How can she go in search of her faithful friends? An idea came to the Doll and she kindly whispered to river's waves to help her.

The warm water heard the Doll's words. And then a big powerful wave brought the Doll's arm and foot towards her. Quickly and happily, the Doll fixed every limb in its place in her body.

While, the Doll walked on the streets, she found something that she didn't expect, houses destroyed, dead bodies everywhere, and piles of ashes. Moreover, she saw the leafy trees had disappeared and the view is blurry. The Doll possessed herself, and with determination, wandered through this shattered city.

What is this happening? The man who has done this has no mind or ethics. He is not influenced by others and does not care about them. God created man to build the universe, not to destroy it. The Doll said to herself, what can I do?! Is there anything I can say, or someone I go to? The Doll looked around and found crowds of people.

In the city square, the Doll joined the people who holding signs and shouting, "War uncertain future", "War destroys human" "We want peace for our city," and "We have to make our world better." The Doll was pleased because she found her friend, the rabbit, next to her.

Doll spoke loudly, and said, "We love our city so much, and we love our homes, our land, trees, birds and we do not want to see all destroyed and collapsed. This world is our responsibility. We want peace."

The Doll said to everyone: Let's start. Let's rebuild our city to make it a joyful once again. We must work very hard, to rebuild our houses, and to plant the land. As long as there is a new morning, there is hope." Everyone said, "Yes, there is hope to have a peaceful future."
