

LIST OF TABLES

Table		Page
3.1.	Nubaria sample site	23
3.2.	Mahmoudia sample sites	24
3.3.	Nubaria and Mahmoudia sample site codes	25
3.4.	LOQ, %RSD and %Recovery for studied parameters	36
4.1.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site H01 in Mahmoudia canal:	45
4.2.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site H02 in Mahmoudia canal:	46
4.3.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site H03 in Mahmoudia canal	47
4.4.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site H04 in Mahmoudia canal	48
4.5.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site H05 in Mahmoudia canal:	49
4.6.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site H06 in Mahmoudia canal:	50
4.7.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site H07 in Mahmoudia canal:	51
4.8.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site H08 in Mahmoudia canal	52
4.9.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site H09 in Mahmoudia canal:	53
4.10.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site H10 in Mahmoudia canal:	54
4.11.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site H11 in Mahmoudia canal	55
4.12.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N01 in Nubaria canal	56
4.13.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N02 in Nubaria canal	57
4.14.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N03 in Nubaria canal	58
4.15.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N04 in Nubaria canal	59

Table		Page
4.16.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N05 in Nubaria canal	60
4.17.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N06 in Nubaria canal	61
4.18.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N07 in Nubaria canal	62
4.19.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N08 in Nubaria canal	63
4.20.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N09 in Nubaria canal	64
4.21.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N10 in Nubaria canal	65
4.22.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N11 in Nubaria canal	66
4.23.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N12 in Nubaria canal	67
4.24.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N13 in Nubaria canal	68
4.25.	Seasonal variation of the physico-chemical characteristics in water samples of the sample site N14 in Nubaria canal	69
4.26.	Seasonal variation of heavy metals concentrations in water samples of the sample site H01 Mahmoudia Canal	70
4.27.	Seasonal variation of heavy metals concentrations in water samples of the sample site H02 Mahmoudia Canal	70
4.28.	Seasonal variation of heavy metals concentrations in water samples of the sample site H03 Mahmoudia Canal	71
4.29.	Seasonal variation of heavy metals concentrations in water samples of the sample site H04 Mahmoudia Canal	71
4.30.	Seasonal variation of heavy metals concentrations in water samples of the sample site H05 Mahmoudia Canal:	72
4.31.	Seasonal variation of heavy metals concentrations in water samples of the sample site H06 Mahmoudia Canal	72
4.32.	Seasonal variation of heavy metals concentrations in water samples of the sample site H07 Mahmoudia Canal	73
4.33.	Seasonal variation of heavy metals concentrations in water samples of the sample site H08 Mahmoudia Canal	73
4.34.	Seasonal variation of heavy metals concentrations in water samples of the sample site H09 Mahmoudia Canal	74

Table		Page
4.35.	Seasonal variation of heavy metals concentrations in water samples of the sample site H10 Mahmoudia Canal	74
4.36.	Seasonal variation of heavy metals concentrations in water samples of the sample site H11 Mahmoudia Canal	75
4.37.	Seasonal variation of heavy metals concentrations in water samples of the sample site N01 Nubaria Canal	76
4.38.	Seasonal variation of heavy metals concentrations in water samples of the sample site N02 Nubaria Canal	76
4.39.	Seasonal variation of heavy metals concentrations in water samples of the sample site N03 Nubaria Canal	77
4.40.	Seasonal variation of heavy metals concentrations in water samples of the sample site N04 Nubaria Canal	77
4.41.	Seasonal variation of heavy metals concentrations in water samples of the sample site N05 Nubaria Canal:	78
4.42.	Seasonal variation of heavy metals concentrations in water samples of the sample site N06 Nubaria Canal	78
4.43.	Seasonal variation of heavy metals concentrations in water samples of the sample site N07 Nubaria Canal	79
4.44.	Seasonal variation of heavy metals concentrations in water samples of the sample site N08 Nubaria Canal	79
4.45.	Seasonal variation of heavy metals concentrations in water samples of the sample site N09 Nubaria Canal	80
4.46.	Seasonal variation of heavy metals concentrations in water samples of the sample site N10 Nubaria Canal	80
4.47.	Seasonal variation of heavy metals concentrations in water samples of the sample site N11 Nubaria Canal	81
4.48.	Seasonal variation of heavy metals concentrations in water samples of the sample site N12 Nubaria Canal	81
4.49.	Seasonal variation of heavy metals concentrations in water samples of the sample site N13 Nubaria Canal	82
4.50.	Seasonal variation of heavy metals concentrations in water samples of the sample site N14 Nubaria Canal:	82
4.51.	Seasonal variation of the Microbiological parameters in water samples of the sample site H01 in Mahmoudia canal	84
4.52.	Seasonal variation of the Microbiological parameters in water samples of the sample site H02 in Mahmoudia canal	84
4.53.	Seasonal variation of the Microbiological parameters in water samples of the sample site H03 in Mahmoudia canal	84

Table		Page
4.54.	Seasonal variation of the Microbiological parameters in water samples of the sample site H04 in Mahmoudia canal	85
4.55.	Seasonal variation of the Microbiological parameters in water samples of the sample site H05 in Mahmoudia canal	85
4.56.	Seasonal variation of the Microbiological parameters in water samples of the sample site H06 in Mahmoudia canal	85
4.57.	Seasonal variation of the Microbiological parameters in water samples of the sample site H07 in Mahmoudia canal	86
4.58.	Seasonal variation of the Microbiological parameters in water samples of the sample site H08 in Mahmoudia canal	86
4.59.	Seasonal variation of the Microbiological parameters in water samples of the sample site H09 in Mahmoudia canal	86
4.60.	Seasonal variation of the Microbiological parameters in water samples of the sample site H10 in Mahmoudia canal	87
4.61.	Seasonal variation of the Microbiological parameters in water samples of the sample site H11 in Mahmoudia canal	87
4.62.	Seasonal variation of the Microbiological parameters in water samples of the sample site N01 in Nubaria canal	88
4.63.	Seasonal variation of the Microbiological parameters in water samples of the sample site N02 in Nubaria canal	88
4.64.	Seasonal variation of the Microbiological parameters in water samples of the sample site N03 in Nubaria canal	88
4.65.	Seasonal variation of the Microbiological parameters in water samples of the sample site N04 in Nubaria canal	89
4.66.	Seasonal variation of the Microbiological parameters in water samples of the sample site N05 in Nubaria canal:	89
4.67.	Seasonal variation of the Microbiological parameters in water samples of the sample site N06 in Nubaria canal	89
4.68.	Seasonal variation of the Microbiological parameters in water samples of the sample site N07 in Nubaria canal	90
4.69.	Seasonal variation of the Microbiological parameters in water samples of the sample site N08 in Nubaria canal	90
4.70.	Seasonal variation of the Microbiological parameters in water samples of the sample site N09 in Nubaria canal	90
4.71.	Seasonal variation of the Microbiological parameters in water samples of the sample site N10 in Nubaria canal	91
4.72.	Seasonal variation of the Microbiological parameters in water samples of the sample site N11 in Nubaria canal	91

Table		Page
4.73.	Seasonal variation of the Microbiological parameters in water samples of the sample site N12 in Nubaria canal	91
4.74.	Seasonal variation of the Microbiological parameters in water samples of the sample site N13 in Nubaria canal	92
4.75.	Seasonal variation of the Microbiological parameters in water samples of the sample site N14 in Nubaria canal	92

LIST OF FIGURES

Table	Page
2.1. Relations between electrical conductivity (EC) and concentration for different salts	6
3.1. Geographic location of Nubaria Canal	22
3.2. Geographic location of Mahmoudia Canal	24
3.3. Satellite image of Nubaria canal showing location of sampling sites	26
3.4. Satellite image of Mahmoudia canal showing location of sampling sites	27
3.5. Taking a water sample for DO analysis	31
4.1. Seasonal variation EC, Chloride, and TDS in Mahmoudia canal	93
4.2. Seasonal variation EC, Chloride, and TDS in Nubaria canal	94
4.3. Correlation between EC and Chloride in Mahmoudia canal	95
4.4. Correlation between EC and TDS in Mahmoudia canal	96
4.5. Correlation between EC and Chloride in Nubaria canal	97
4.6. Correlation between EC and TDS in Nubaria canal	98
4.7. Seasonal variation pH and Alkalinity in Mahmoudia canal	99
4.8. Seasonal variation pH and Alkalinity in Nubaria canal	100
4.9. Correlation between pH and Alkalinity in Mahmoudia canal	101
4.10. Correlation between pH and Alkalinity in Nubaria canal	102
4.11. Seasonal variation DO and Ammonia in Mahmoudia canal	103
4.12. Seasonal variation DO and Ammonia in Nubaria canal	104
4.13. Correlation between DO and Ammonia in Mahmoudia canal	105
4.14. Correlation between DO and Ammonia in Nubaria canal	106
4.15. Seasonal variation COD, BOD and DO in Mahmoudia canal	107
4.16. Seasonal variation COD, BOD and DO in Nubaria canal	108
4.17. Correlation between DO and COD in Mahmoudia canal	109
4.18. Correlation between DO and COD in Nubaria canal	110
4.19. Seasonal variation Total coliform and Fecal coliform in Mahmoudia canal	111
4.20. Seasonal variation Total coliform and Fecal coliform in Nubaria canal	112
4.21. Correlation between Total coliform and Fecal coliform in Mahmoudia canal	113
4.22. Correlation between Total coliform and Fecal coliform in Nubaria canal	114

Table		Page
4.23.	Seasonal variation of Fluorid in Mahmoudia canal	115
4.24.	Seasonal variation of Fluorid in Nubaria canal	115
4.25.	Seasonal variation of Nitrate, Nitrite and Amm. in Mahmoudia canal	116
4.26.	Seasonal variation of Nitrate, Nitrite and Amm. in Nubaria canal	117
4.27.	Seasonal variation of Iron and Turbidity in Mahmoudia canal	118
4.28.	Seasonal variation of Iron and Turbidity in Nubaria canal	119
4.29.	Seasonal variation of Silica in Mahmoudia canal	120
4.30.	Seasonal variation of Silica in Mahmoudia canal	120
4.31.	Seasonal variation of Total hardness and Sulphate in Mahmoudia canal	121
4.32.	Seasonal variation of Total hardness and Sulphate in Nubaria canal	122
4.33.	Seasonal variation of Phosphate in Mahmoudia canal	123
4.34.	Seasonal variation of Phosphate in Nubaria canal	123
4.35.	Seasonal variation of Copper in Mahmoudia canal	124
4.36.	Seasonal variation of Copper in Nubaria canal	124
4.37.	Seasonal variation of Cadmium in Mahmoudia canal	125
4.38.	Seasonal variation of Cadmium in Nubaria canal	125
4.39.	Seasonal variation of Cobalt in Mahmoudia canal	126
4.40.	Seasonal variation of Cobalt in Nubaria canal	126
4.41.	Seasonal variation of Manganese in Mahmoudia canal	127
4.42.	Seasonal variation of Manganese in Nubaria canal	127
4.43.	Seasonal variation of Aluminum in Mahmoudia canal	128
4.44.	Seasonal variation of Aluminum in Nubaria canal	128
4.45.	Seasonal variation of Nickel in Mahmoudia canal	129
4.46.	Seasonal variation of Nickel in Nubaria canal	129
4.47.	Seasonal variation of Lead in Mahmoudia canal	130
4.48.	Seasonal variation of Lead in Nubaria canal	130
4.49.	Seasonal variation of Zinc in Mahmoudia canal	131
4.50.	Seasonal variation of Zinc in Nubaria canal	131

List of Abbreviations

ATP	Adenosine triphosphate
BOD	Biochemical Oxygen Demand
COD	Chemical Oxygen Demand
DNA	Deoxyribo Nucleic Acid
DO	Dissolved Oxygen
EC	Electrical Conductivity
EMCL	Egyptian Maximum Contaminant Level
ha	hectra
IARC	International Agency for Research
ICP-OES	Inductively Coupled Plasma Optical Emission Spectrometer
LOQ	Limit of quantification
NTU	Nephelometric Turbidity Unit
ppm	Part per million
RSD	Relative standard deviation
TA	Total alkalinity
TDS	Total dissolved solids
TSS	Total suspended solids
USEPA	United States of Environmental Protection Agency
UV	Ultra Violet
WHO	World Health Organization
WTP	Water Treatment Plant
