دليل الدوريات التي ترعاها الجمعية الأمريكية لعلم النفس.

1. *American Psychologist*, the official journal of the American Psychological Association, publishes the official papers of the association and substantive articles on psychology. Monthly.
2. *Contemporary Psychology* is a journal of reviews—critical reviews of books, films, and other material in the field of psychology. Monthly.
3. *Journal of Abnormal Psychology* is devoted to basic research and theory of abnormal behavior. Bimonthly.
4. *Journal of Applied Psychology* gives primary consideration to original quantitative investigations of value of those people interested in the following broad areas:
5. personnel research; industrial working conditions; research on opinion and morale factors; job analysis and classification research; marketing and advertising research; vocational and educational prognosis, diagnosis, and guidance at the secondary and college levels. Bimonthly.

6. *5-Journal of Comparative and Physiological Psychology* publishes original research reports in the field of comparative and physiological psychology, including animal learning, conditioning, and sensory processes. Bimonthly; two volumes per year.
7. *Journal of Consulting and Clinical Psychology* is devoted to the area of clinical psychology, both child and adult. Bimonthly.
8. *Journal of Counseling Psychology* serves as a primary publication medium for research on counseling theory and practice.
9. *Journal of Educational Psychology* publishes original investigations and theoretical papers dealing with problems of learning and teaching, and with the psychological development, relationships, and adjustment of the individual. Monthly; three volumes per year.
10. *Journal of Personality and Social Psychology* is devoted to basic research and theory in the broad areas of social interaction and group processes. Specifically, it deals with interpersonal perception and attitude change, the psychological aspects of formal social systems and less structured collective phenomena, the socialization process at both child and adult levels, social motivation and personality dynamics, the structure of personality, and the relation of personality to group process and social systems. Monthly; three volumes per year.
11. *Psychological Abstracts* publishes concise abstracts of the world's literature in psychology and pertinent allied subjects. All titles and abstracts of foreign material are translated into English. Monthly.
12. *Psychological Bulletin* is concerned with research reviews and methodological contributions in the field of psychology. One of the principal functions of this journal is to publish critical, evaluative summaries of research. The methodological articles are directed toward people who might or do make practical use of such information, and are intended to bridge the gap between the technical statistician and the typical research psychologist. Articles feature the application of new methodology as well as the creative application of more familiar methodology. Monthly; two volumes per year.
13. *Psychological Review* is the major psychological journal of articles of theoretical significance to any area of scientific endeavor in psychology. Bimonthly.
