

## LIST OF TABLES

<b>Tables</b>	<b>Page</b>
<b>Table (1):</b> Shivering score.	<b>19</b>
<b>Table (2):</b> Sedation scale.	<b>20</b>
<b>Table (3):</b> Comparison between the two studied groups regarding age (Years).	<b>24</b>
<b>Table (4):</b> Comparison between the two studied groups regarding sex.	<b>26</b>
<b>Table (5):</b> Comparison between the two studied groups regarding weight (Kilograms).	<b>28</b>
<b>Table (6):</b> Comparison between the two studied groups regarding duration of surgery (Minutes).	<b>30</b>
<b>Table (7):</b> Distribution of the studied cases regarding heart rate in Tramadol group (Beat/Minute).	<b>33</b>
<b>Table (8):</b> Distribution of the studied cases regarding heart rate in Granisetron group (Beat/Minute).	<b>34</b>
<b>Table (9):</b> Comparison between the two studied groups regarding heart rate (Beat/Minute).	<b>35</b>
<b>Table (10):</b> Distribution of the studied cases regarding mean arterial blood pressure in tramadol group (mmHg).	<b>37</b>
<b>Table (11):</b> Distribution of the studied cases regarding mean arterial blood pressure in Granisetron group (mmHg).	<b>38</b>
<b>Table (12):</b> Comparison between the two studied groups regarding mean arterial blood pressure (mmHg).	<b>39</b>
<b>Table (13):</b> Distribution of the studied cases regarding Temperature in Tramadol group (°C).	<b>41</b>
<b>Table (14):</b> Distribution of the studied cases regarding Temperature in Granisetron group (°C)	<b>42</b>
<b>Table (15):</b> Comparison between the two studied groups regarding Temperature (°C).	<b>43</b>
<b>Table (16):</b> Comparison between the two studied groups regarding Time of appearance of shivering (Minutes).	<b>44</b>
<b>Table(17):</b> Comparison between the two studied groups regarding the shivering score.	<b>46</b>
<b>Table (18):</b> Comparison between the two groups as regards the need to give pethidine.	<b>47</b>
<b>Table (19):</b> Comparison between the two studied groups regarding Time of disappearance of shivering (Minutes).	<b>48</b>

<b>Tables</b>	<b>Page</b>
<b>Table (20):</b> Comparison between the two studied groups regarding the sedation score.	<b>50</b>
<b>Table (21):</b> Comparison between the two studied groups regarding the incidence of side effects.	<b>51</b>

## LIST OF FIGURES

<b>Figures</b>	<b>Page</b>
<b>Figure (1):</b> Anatomy of the spinal anesthesia.	<b>2</b>
<b>Figure (2):</b> Neural pathways in the control of shivering	<b>5</b>
<b>Figure (3):</b> Chemical structure of tramadol.	<b>10</b>
<b>Figure (4):</b> Chemical structure of granisetron.	<b>13</b>
<b>Figure (5):</b> Comparison between the two studied groups regarding age (years).	<b>25</b>
<b>Figure (6):</b> Comparison between the two studied groups regarding sex	<b>27</b>
<b>Figure (7):</b> Comparison between the two studied groups regarding weight (Kilograms).	<b>29</b>
<b>Figure (8):</b> Comparison between the two studied groups regarding Duration of surgery (Minutes).	<b>31</b>
<b>Figure (9):</b> Comparison between the two studied groups regarding heart rate (Beat/Minute).	<b>35</b>
<b>Figure (10):</b> Comparison between the two studied groups regarding mean arterial blood pressure (mmHg).	<b>39</b>
<b>Figure (11):</b> Comparison between the two studied groups regarding Temperature (°C).	<b>43</b>
<b>Figure (12):</b> Comparison between the two studied groups regarding Time of appearance of shivering (Minutes).	<b>45</b>
<b>Figure (13):</b> Comparison between the two studied groups regarding the shivering score.	<b>46</b>
<b>Figure (14):</b> Comparison between the two studied groups regarding Time of disappearance of shivering (Minutes).	<b>49</b>
<b>Figure (15):</b> Comparison between the two studied groups regarding the sedation score.	<b>50</b>
