| ACKNOWLEDGMENT | i |
| TABLE OF CONTENTS | ii |
| LIST OF ABBREVIATIONS | iii |
| LIST OF TABLES | iv |
| LIST OF FIGURES | v |
| I- INTRODUCTION | 1 |
| II- REVIEW OF LITERATURE | |
| ▪ Overview of emergency department. | 4 |
| ▪ Historical background of triage. | 5 |
| ▪ Classification of triage systems. | 6 |
| ▪ Developing triage system in hospital. | 17 |
| ▪ Role of nurse in triage process. | 18 |
| ▪ Competency of triage nurse. | 32 |
| ▪ New graduated nurse competency. | 33 |
| III- AIM OF THE STUDY | 35 |
| IV- MATERIALS AND METHODS | 36 |
| V- RESULTS | 47 |
| VI- DISCUSSION | 67 |
| VII- CONCLUSION & RECOMMENDATIONS | 78 |
| VIII- SUMMARY | 81 |
| IX- REFERENCES | 85 |
| X- APPENDICES | |
| • Appendix (I) Protocol | |
| • Appendix (II) Tools | |
| • Appendix (III) Designed triage training program | |
| • Appendix (IV) Triage English booklet | |
| • Appendix (V) Triage Arabic booklet | |
| • Appendix (VI) Comparison between study and control groups pre, post, and two months post program regarding newly graduated nurses knowledge and practice about primary and secondary assessment. | |
| XI-ARABIC SUMMARY | 100 |

List of Abbreviations

| | |
|------------------|---|
| ABCDE | Airway, Breathing, Circulation, Disability, Exposure |
| ALS | Advanced Life Support |
| ATS | Australasian Triage Scale |
| AVPU | Alert, Verbal stimuli, Painful stimuli, Unresponsive |
| CPR | Cardiopulmonary Resuscitation |
| CTAS | Canadian Triage and Acuity Scale |
| DCAP-BTLS | Deformity, Contusion, Crepitus, Abrasion, Puncture, Bruising, Bleeding, Tenderness Laceration, Swelling |
| DPL | Diagnostic Peritoneal Lavage |
| EDs | Emergency Departments |
| ENA | Emergency Nurses' Association |
| ESI | Emergency Severity Index |
| FAST | Focused Assessment with Sonography for Trauma |
| GCS | Glasgow Coma Scale |
| MCI | Mass Casualty Incidents |
| MTS | Manchester Triage System |
| NGNs | Newly Graduated Nurses |
| OPQRST | Onset, Provocation, Quality, Region/ Radiation, Severity, Timing |
| OSCE | Objective Structured Clinical Examination |
| PEARL | Pupils Equal, And Reactive to Light |
| SCI | Spinal Cord Injury |
| START | Simple Triage and Rapid Treatment |
| TNCC | Trauma Nurse Core Course |
| VAS | Visual Analogue Scale |

List of Tables

| No. | Tables | Pages |
|------|---|-------|
| I | Frequency distribution of the newly graduated nurses in the study and control groups according to their socio-demographic data. | 49 |
| II | Comparison between the study and control groups regarding triage knowledge mean score in pre, immediately and two months post program implementation. | 52 |
| III | Comparison between the study and control groups regarding triage practice mean score in pre, immediately and two months post program implementation. | 56 |
| IV | Total triage knowledge mean score of newly graduated nurses between the study and control groups in pre, immediately and two months post program implementation. | 59 |
| V | Total triage competency mean score of newly graduated nurses between the study and control groups in pre, immediately and two months post program implementation. | 61 |
| VI | Comparison between the study and control groups regarding communication process mean score in pre, immediately and two months post program implementation. | 63 |
| VII | Correlation between knowledge score and practice score in study and control groups. | 64 |
| VIII | Correlation between knowledge score and communication score in study and control groups. | 65 |
| IX | Correlation between practice score and communication score in study and control groups. | 66 |

List of Figures

| No. | Figure | Pages |
|-----|---|-------|
| 1 | The Australasian Triage Scale. | 9 |
| 2 | Canadian Triage and Acuity Scale colour. | 10 |
| 3 | Manchester Triage System (MTS). | 11 |
| 4 | Triage Algorithm of the Emergency Severity Index. | 12 |
| 5 | START algorithm. | 15 |
| 6 | Chin lift maneuver and jaw thrust. | 22 |
| 7 | Comparison between the study and control groups regarding triage knowledge mean score in pre, immediately and two months post program implementation. | 53 |
| 8 | Comparison between the study and control groups regarding triage practice mean score in pre, immediately and two months post program implementation. | 57 |
| 9 | Total triage knowledge mean score of newly graduated nurses between the study and control groups in pre, immediately and two months post program implementation. | 60 |
| 10 | Total triage competency mean score of newly graduated nurses between the study and control groups in pre, immediately and two months post program implementation. | 62 |
| 11 | Comparison between the study and control groups regarding communication process mean score in pre, immediately and two months post program implementation. | 63 |
| 12 | Correlation between knowledge and practice in study group. | 64 |
| 13 | Correlation between knowledge and communication in study group. | 65 |
| 14 | Correlation between practice and communication in study group. | 66 |
