Acknowledgments

Praise to "Allah", the Most Gracious and the Most Merciful Who Guides Us to the Right Way.

I would like to express my endless gratitude and appreciation to **Prof. Dr. Tarek Mostafa Kamal El Weleily,** *Professor of Pediatrics, Faculty of medicine, University of Alexandria for giving me the honor of working under his supervision and providing me with a lot of encouragement and support.*

My special thanks and deep gratitude to **Prof. Dr. Akram Abd Almoneim Deghady,** *Professor of Clinical and Chemical Pathology, Faculty of medicine, University of Alexandria, for his generous assistance and valuable guidance and unfailing efforts during the whole period of the study.*

This work would have never been completed without the great help, close supervision offered by **Prof. Dr. Mohamed Hazem Gouda,** *Professor of Pediatrics, Faculty of medicine, University of Alexandria.*

A due thanks are extended to **Dr. Ali Mohamed Abd Almohsen,** *Assistant Professor of Pediatrics, Faculty of Medicine, University of Alexandria, for his kind help and remarks.*

Last but not least, I owe special thanks and gratitude to my family who nurtured, loved and faithfully supported me throughout this entire work.
