### *Acknowledgement:*

I am so grateful to all my teachers and professors at all educational stages, even those who just helped me learn a letter or a word- both at domestic and international levels- that eventually added to my cumulative knowledge in English. My sincere gratitude should also go for those who inspired me about the ideas and concepts of ebooks in general; and special thanks go for Miss Hend Mahmoud who played a pivotal role in editing and final touches to the design of this series in its new fashion.

**To** the kind spirit of my father who passed away, while I was still a five-year-old child; and also to the generous and compassionate mother ever, (A father, a mother and a human being without peer).
