Khalid was a **lazy** boy. He liked sleeping and didn't like to work.

He did nothing except watching TV and eating. He is not **active**.

His father
advised him to
eat less and play
sports to be **slim**.

Khalid didn't
listen to his father
advice so he became
fat and slow.

○ One day Khalid went to the garden
with his friends.

All his friends were playing **actively** while he was sitting down eating and drinking **lazily**.

His friends tried to make him play
with them but he refused.

**Khalid saw
a sweet seller. He
bought a lot of
sweets and ate
them all.**

Khalid became very ill.

The doctor came and gave him a big bottle of medicine that had a bad taste.

**Khalid learned to
eat healthy
foods..**

**And play sports, so he
became slim and active.**
