## *Acknowledgement*

should like  
to express sincere thanks to

**Alexander von Humboldt**

Stiftung / Foundation

who granted me several fellowships during which I was able to visit the German libraries – in addition to the research work – and got the obscure and valuable references. This publication "*Integrated Pest Management for Clean Environment and Safe Food*" which is written for the first time in Arabic language was impossible to appear without funding aid of working visits from the *Alexander von Humboldt Stiftung, Germany*.

In preparing this publication, I was helped by some German colleagues who provided me with their working documents. They are: Prof. Dr. **E. Fuhrer**, Institut für Forstentomologie, i.e. Forstentomologie Universität für Bodenkultur Wien, Austria; Prof. Dr. **S. Bombosch**, Institut für Forstzoologie, Göttingen Universität; Dr. **S.A. Hassan**, Institut für Biologischen Pflanzenschutz, Darmstadt; Prof. Dr. **K. Kalmring**, Fachbereich Biologie – Zoologie, Philipps – Universität, Marburg; Prof. Dr. **Reinhold Hustert**, Institut für Zoologie und Anthropologie, Georg-August – Universität Göttingen.

Finally, I acknowledge the indispensable aid of Dr **Wedad E. Khafagi**, Plant Protection Institute, Sabahia, Alexandria, who gave useful comments on the text, very capable editorial assistance and page making and our "eyes" for proofreading; Dr **Sania Shwel**, Plant Protection Institute, Sabahia for her valuable comments throughout the text and especially Mrs **Aza Mahmoud**, who were our "fingers" at the typewriter
